

THE MOONFLOWER PRINCE

ON A wonderful white charger, Seafoam, given to her by the Prince, Zenna-Mae rode through the beautiful water to the headlands of Firefly Island, where to her wondering eyes appeared the Moonflower Prince in his gayest costume, directing the dance of the Glow Worms and Fireflies given in her honor. There, too, were the Gnomes who guard the treasure of jewels that the Prince is wearing. He keeps them in a large cave in the earth, where all the Fireflies go every night to get their lights to flash. See how well you can paint the picture. Use a brush or bit of cotton on a toothpick, and with plain water paint carefully between all lines. The color will appear.
